

CURRICULUM VITAE

Last names: VAZQUEZ SUAREZ

First names: JUAN LUIS

Date and place of birth: 26-July-1946, in Oviedo, Spain.

Private address: c. Ecuador 2, 3 B, Majadahonda, 28220 Madrid.

Married, with one daughter, one son, and two grandchildren.

Education

Graduate in Mathematics Universidad Complutense de Madrid, 1973.

Doctor in Mathematics Universidad Complutense de Madrid, 1979.

Telecommunications Engineer, ETSI Telecom. Madrid 1965/69.

Professional status

Full Professor of Applied Mathematics since 1986 (Catedrático de Matemática Aplicada)
Departamento de Matemáticas, Facultad de Ciencias, Universidad Autónoma de Madrid,
Cantoblanco, 28049 Madrid, Spain.

Telephone: +34-914974935 (office), +34-914974940 (Dpt. secret.).

Main positions abroad:

- 1982–83, Fulbright Scholar at Univ. of Minnesota, USA. 1 year.
- 1987, Associate member, Inst. Advanced Study in Princeton (EEUU). Fall semester.
- 1991, Coorganizer of the Spring Semester at IMA (Institute for Mathematics and its Applications, Univ. of Minnesota), USA.
- 2001, Visiting Fellow, Univ. Texas: 6 months.
- 2011, Eisenbud Visiting Professor at the Mathematical Sciences Research Institute (MS-RI), University of California, Berkeley (USA). February-May.
- 2014, Jan. to July. Isaac Newton Institute, Cambridge, UK. Organizer of the semester programme on Free Boundary Problems.
- Visiting professor for 1 or 2 months at several universities like:
Ecole Normale Sup. de Paris (France); Univ. Minnesota (USA); Courant Institute, New York (USA); Univ. Roma 1 (Italy); Univ. Tours (France); Ecole Normale Sup. de Lyon (France); OCIAM, Oxford (England); Mittag-Leffler Inst., Stockholm (Sweden); Heriot-Watt Univ. Edinburgh (UK); Univ. de Buenos Aires (Argentina); Tokyo Univ. (Japan).
Recent: Wolfgang Pauli Institut, Vienna (2007), Univ. Texas, USA (2007, 2011, and 2016), Univ. Paris Dauphine (2008), Univ. Pierre et Marie Curie de Paris (2010).

Main Distinctions (in chronological order)

- * **Spanish National Prize for Research in Mathematics 2003** “Julio Rey Pastor”. Distinction given by King Juan Carlos on November 3th, 2003.
- * Thomson Reuters ISI “**Highly cited researcher**” since 2003.
- * Plenary speaker at the **International Congress of Mathematicians (ICM2006)**, held in Madrid in 2006.
- * **Fellow of the American Mathematical Society**. Member of the First List of Fellows introduced in November of 2012.
- * **Academician** of RACEFyN, the Royal Science Academy of Spain, elected 2013.

* **Académico correspondiente** of Real Academia de Ciencias de Zaragoza, elected June 2015.

* **Doctor Honoris Causa**, Oviedo University, Oct. 2015.

Achievements as researcher and team leader

* Author of more than 275 research articles in recognized journals according to the best known mathematical database, Mathscinet. Many of them written in collaboration with more than 95 authors from 22 countries, two of them Fields medalists. One of the articles (on the Maximum Principle) is cited more than 640 times in Mathscinet, which places it among the 7 most cited in the topic Partial Differential Equations (topic 35 in the AMS Classification). Personal h-index : Mathscinet= 33, Google Scholar=52.

* Author of 3 research books with wide readership, two published by Oxford University Press (2006 and 2007), and one by Birkhäuser (2004). Several other books s Editor. Moreover, some books and notes are available online.

* Advisor of 13 Ph. D. Thesis. Most of the students are now active researchers in different countries.

* Organizer of over a 100 courses, summer schools, congresses, workshops in different countries. To mention:

- International Congress of Free Boundaries, Toledo (Spain), 1993;
- 12 Mathematical Summer Schools at UIMP, Palacio de la Magdalena, Santander, in the period 1984 to 2015.
- Coorganizer of the Spring “Programme on Free Boundaries Problems” at the Newton Institute, Cambridge, England (Jan.-July, 2014).

* Director of a research team in Spain since 1984 and participant or principal investigator (PI) in numerous programs in Spain, in Europe, or in collaborations with US, South America or Japan.

* Speaker in distinguished events: Collège de France in Paris (1991), Giornata Indam (2009) in Pisa, Italy, Abel Symposium in Oslo, Norway (2010), Evans Lecture at the University of California Berkeley (2011), Conferenze Leonardesche in Milan (2011), International Conference on Free Boundaries Problems (2008 and 2014).

* Invited courses given at international centers, here is a selection: Corso Estivo di Matematica, Cortona, Italy (1987 and 2012); International Course “Shape Optimization and Free Boundaries” (a NATO Summer School), Université de Montréal, Canadá (1990); Universidad de Buenos Aires (1998), Corso CIME 2016, Italy (pending), Scuola Estiva di Fisica Matematica, Ravello, Italia (pending, 2016).

Other academic and scientific positions

- * Director of Departamento de Matemáticas at UAM, 1989–90.
- * Spanish person-in-charge for the European Programme “Free Boundary Problems”, of European Science Foundation, years 1994-98 (shared with Ildefonso Díaz and Miguel Angel Herrero).
- * President of SEMA, Sociedad Española de Matemática Aplicada, sept. 1996 – sept 1998.
- * Member of the Spanish Committee for International Mathematical Union (IMU), years 1998–99.
- * Vicedean for < Planes de Estudios y Relaciones Internacionales > at Facultad de Ciencias, Universidad Autónoma de Madrid, 1999-2000.
- * Spanish Committee organizing the World Mathematical Year 2000 in Spain. Member of the Permanent Committee, 1999–2000.
- * Member of the Scientific Committee of CRM (Centre de Recerca Matemàtica), Barcelona, 2003.
- * President of the Scientific Committee of Real Soc. Mat. Española (RSME), 2007–2010.
- * Founding member of Confederación Española de Sociedades Científicas (COSCE), member of the First Governing Board (Junta de Gobierno), 2004-2009. President of the Study Group

LECYT on the Science Law prepared by the Government, 2009–2010.

* Member of different committees and evaluation agencies in different years, working for Ministerio de Educación y Ciencia or MICINN, Agencia Nacional de Evaluación (ANEP), ICREA in Catalunya or the Basque Government. Last commission for Agence AERES in France about evaluation of universities, 2012.

Other merits and distinctions

* International Congress “Nonlinear Diffusion: Mathematics and Applications” held in El Escorial, 26–29 June 2007, on the occasion of the author’s 60th anniversary.

* Author of numerous expository articles on scientific topics in newspapers, blogs or periodic publications.

* Author speaks fluent Spanish, English, French and Italian, having lectured extensively in those languages. He has a working level of German, Russian, Latin, Catalan, Galician and Portuguese, and ideas of other languages like Greek and Dutch.

* He appeared as a character in the book “*Asturias de mis amores*”, by Alejandro López Pedrero, Ediciones Azulcel, Avilés, 2010.

* **Double Special Dedicated Volume** “Nonlinear Partial Differential Equations” of the *Journal Nonlinear Analysis Theory Methods & Applications*, in honor of Juan Luis Vázquez for his 70th birthday. Vols. 137 and 138, 2016. ISSN 0362-546X, 425+447 pgs.
